Shift Differential of \$.40 for every hour worked between the time of 6:00 pm and 6:00 am will be paid to Day Shift Deputies, Day Shift Detectives and Day Shift Sergeants. Shift Deputies, Road Sergeants and Lieutenant do not receive Shift Differential pay.

If, upon promotion to Detective or Sergeant, an employee would normally receive the same wages as they would have still received in their former position due to time in grade requirements, the employee will be eligible to receive the next higher pay classification for that new position. No employee shall be forced to receive a lesser wage rate due to the 2009 Detective reorganization.

The County and/or Sheriff may start an experienced recruit at the negotiated base salary level or advance a newly hired employee sooner than indicated above.
