FOR IMMEDIATE RELEASE
Sent: Sunday April 15, 2018

Hazardous Travel Conditions

Travel in Portage County is not recommended, main and secondary roads are impassable due to the drifting and blowing snow. Highway crews are working to clear the roadways but are unable to keep up with changing conditions. Weather and travel conditions are not expected to improve over the next 12 to 16 hours. Non emergent travel is highly discouraged. Response times may be delayed due to these conditions.
