Mission Statement

The mission of the Aging & Disability Resource Center is to support seniors, adults with disabilities, and their families and caregivers by offering easy access to services and by fostering a caring community that values lifelong contributions, maximum independence, and individual dignity.

*The Aging & Disability
Resource Center of
Portage County is on
Facebook!*

The Post is published bi-monthly. Copies are available at ADRC at Lincoln Center, ADRC Nutrition Senior Dining Sites, and at various locations throughout Portage County.

In an effort to provide the community with accurate and comprehensive information regarding available community resources, we are pleased to present this annual **Community Resource Directory**. This document is produced as a collaborative effort between United Way of Portage County, Aging & Disability Resource Center of Portage County and Portage County Health and Human Services, along with the Stevens Point Buyers' Guide. The purpose of this directory is to provide a complete guide to service providers and resources in our community.

Please save this directory to use it throughout the year to help you, a family member or a friend locate a program, product or service. It is our intention to further expand and enhance the directory with each year's publication. We welcome your comments and suggestions to improve future directories.

United Way of Portage County, Aging & Disability Resource Center of Portage County, and Portage County Health and Human Services do not assume responsibility for the services, nor do we endorse advertising content in this directory. Further, this publication does not represent all businesses and organizations serving the community of Portage County. We have made every effort to make this directory useful to community members, and regret if an agency was omitted. An organization's inclusion or exclusion is not a reflection of its merit. Agencies and businesses with information to be considered for future publications should contact our office.

We would like to thank the Stevens Point Buyers' Guide and the advertisers in this directory for helping to make this publication possible.

Partners of the Community Resource Directory include:

HOUSING: ASSISTED LIVING SERVICES

Community-based residential facility-CBRF means a place where 5 or more unrelated adults reside in which care, treatment or services above the level of room and board but not including nursing care are provided to persons residing in the facility as a primary function of the facility. Residential care apartment complex-RCAC means a place where 5 or

more adults reside that consists of independent apartments, each of which has:

- an individual lockable entrance and exit
- a kitchen, including a stove
- individual bathroom, sleeping and living areas

and that provides, to a person who resides in the place, not more than 28 hours per week of services that are supportive, personal and nursing services.

Adult Family Home is a group adult family home for 4 adults with advanced age, developmental disabilities, emotional disturbances or mental illnesses, physical disabilities, or traumatic brain injury.

2020 Census FAQ

What is the census?

The census is a count of every person who lives in the United States and its territories. It happens every 10 years. In early 2020, you will be asked to count everyone who lives in your home as of April 1. Responding to the 2020 Census is a chance to shape your future.

What's in it for me?

Your responses inform where over \$675 billion is distributed each year to communities nationwide for clinics, schools, roads, and more.

Census data gives community leaders vital information to make decisions about building community centers, opening businesses, and planning for the future.

Responding also fulfills your civic duty because it's mandated by the U.S. Constitution. The United States has counted its population every 10 years since 1790.

Your responses are used to redraw legislative districts and determine the number of seats your state has in the U.S. House of Representatives.

Is my information safe?

Your responses to the 2020 Census are safe, secure, and protected by federal law. Your answers can only be used to produce statistics. They cannot be used against you by any government agency or court in any way—not by the FBI, not by the CIA, not by the DHS, and not by ICE.

When can I respond to the census?

In early 2020, every household in America will receive a notice to complete the census online, by phone, or by mail. In May, the U.S. Census Bureau will begin following up in person with households that have yet to respond.

What will I be asked?

You will be asked a few simple questions, like age, sex, and the number of people who live in your home, including children.

What won't be asked?

The census will never ask for Social Security numbers, bank or credit card numbers, money or donations, or anything related to political parties.
