	▪ Attachment 4-Primary Evacuation Routes	
	▪ Attachment 5-Mass Care	
	▪ Attachment 6-Elder Care Facilities and Map	
	▪ Attachment 7-Emergency Housing Assistance	

PURPOSE

This annex describes how Portage County agencies will support evacuation and sheltering operations during a disaster.

CONCEPT OF OPERATIONS

The county is responsible for developing a capability to provide sheltering services for its citizens in a disaster and should be prepared to care for people evacuated from the impacted area. This is done in coordination with municipal, volunteer and private agencies.

During the recovery phase, all agencies are expected to support continuing operations with equipment and staff.

Whole Community Approach

Portage County will utilize the “Whole Community” principles to evacuate, mass care, and shelter. As a concept, “Whole Community” is a way that citizens, emergency management, private and non-profit organizations, and government officials collectively assess the needs of their respective community. Collective collaboration among community partners will provide the most effective means to organize assets, capacities, and community interests.

I. Authority to Recommend Evacuation

A. Local

Operating under the Incident Command System (ICS) as follows:

- a. In the event of an escalating emergency, the Sheriff of the affected county has the authority to recommend an evacuation of residents.
- b. The emergency power of the County Board, or the governing body of a city, village, or town, includes the general authority to order, by ordinance or resolution, whatever is necessary and expedient for the health, safety, protection, and welfare of persons and property within the local unit of government in the emergency and includes the power to bar, restrict, or remove all unnecessary traffic, both vehicular and pedestrian, from the highways (s.323.14(4)).

- c. If, because of the emergency conditions, the County Board, or the governing body of the local unit of government, is unable to meet promptly, the chief executive officer or acting chief executive officer of any local unit of government shall exercise by proclamation all of the powers conferred upon the governing body that appear necessary and expedient. The proclamation shall be subject to ratification, alteration, modification, or repeal by the governing body as soon as that body can meet, but the subsequent action taken by the governing body shall not affect the prior validity of the proclamation (s.323.14(4)).
- d. In certain limited situations involving a small area, a fire chief has the authority to evacuate residents (s.213.095).

B. State

During a state of emergency, the Governor can issue such orders as he or she deems necessary for the security of persons or property (s. 323.10).

II. Coordination

The county will assist municipal agencies with administering evacuation and sheltering activities and coordinating with state, volunteer and private agencies.

RESPONSIBILITIES AND TASKS

I. County Emergency Management

Response

1. Coordinate with the appropriate agencies to recommend evacuation or shelter-in-place.
2. Coordinate the collection and dissemination of information concerning evacuation and sheltering to the public (See Annex J) and emergency response personnel (See Annex B.)
3. Coordinate the opening of congregate care facilities (See Attachment 2 for list of potential locations). Refer to the telephone list for the contacts that open and equip the facilities.
4. Assist local efforts to address pet issues as requested.

Recovery

1. Support municipal jurisdictions with developing and implementing a re-entry plan.
2. Coordinate the dissemination of public information concerning sheltering and re-entry procedures.

II. Human Services

Response

1. Organize and work with local and private sector, non-profit and public service/volunteer organizations regarding shelter operations.
2. Identify and request special resources needed for evacuation and sheltering operations.
3. Coordinate the requirements of short- and long-term sheltering.
4. Work with other agencies to coordinate and administer food distribution programs as needed.

Recovery

1. Prioritize the use of personnel and equipment to provide for continuity of services.
2. Provide necessary outreach and counseling services to citizens affected by the disaster.
3. Brief County Emergency Management Director on recovery status.
4. Debrief staff and ensure workers are provided with counseling or that Critical Incident Stress Debriefing occurs.
5. Address long-term housing needs.

III. Public Health Department

Response

1. Coordinate with appropriate agencies evacuations and sheltering for all affected people including those with special needs.
2. Provide health care services (e.g. vaccinations, first aid) for evacuees and emergency workers as requested.
3. Coordinate transportation and medical care for patients being evacuated from hospitals and other health care facilities.

Recovery

1. Assist with the coordination of re-entry activities for people including those with special needs.

2. Assist Human Services with identifying the need for and provide crisis counseling to emergency workers and disaster victims.
3. Inform the public about appropriate health/medical related protective actions (e.g., protection against contaminated food/water, disposal of garbage/debris.)

IV. Law Enforcement Agencies

Response

1. Establish a perimeter around the evacuated area and a pass system for emergency response resources for the protection of property.
2. Initiate and monitor evacuation activities (e.g. traffic control and public warning/route alerting.)
3. Assist with the warning of the public.
4. Coordinate and maintain traffic evacuation routes with consideration to responding emergency vehicles, disabled and abandoned vehicles and traffic volume.
5. Provide security in highway rest areas, reception centers and shelters.

Recovery

1. Assist and monitor re-entry activities.
2. Maintain traffic control.

V. Fire and Rescue Services

Response

1. Provide advice on evacuation decisions as a result of fires and/or hazardous materials.
2. Assist with public warning/route alerting and establish staging areas.

Recovery

1. Assist and monitor re-entry activities.
2. Restore all equipment to a state of readiness.

VI. Emergency Medical Services

Response

1. Provide emergency medical services to all people involved in the evacuation or response to the disaster.
2. Identify and locate people with special needs and provide advice to the Public Health Department regarding evacuation decisions.

Recovery

1. Assist with the re-entry activities of medical patients and people with special needs.
2. Restore all equipment to a state of readiness.

VII. Public Works/Highway Department

Response

1. Provide all necessary traffic control devices (e.g., signs, barricades) as available.
2. Coordinate and maintain traffic evacuation routes with consideration to responding emergency vehicles, disabled and abandoned vehicles and traffic volume.

Recovery

1. Restore all equipment and facilities to a state of readiness.

VIII. American Red Cross

The American Red Cross independently provides mass care services to disaster victims as part of a broad program of disaster relief, as outlined in charter provisions enacted by the U.S. Congress. The responsibilities assigned to the American Red Cross as the state support agency for ESF-6 at no time will supersede those responsibilities assigned to the American Red Cross by its congressional charter.

1. Support the delivery of mass care services of shelter, feeding, and emergency first aid to disaster victims; the establishment of systems to provide bulk distribution of emergency relief supplies to disaster victims; and the collection of information to operate a Disaster Welfare Information (DWI) system to report victim status and assist in family reunification.
2. Establish and operate ARC mass care shelters and feeding facilities for victims requiring these services.
3. Identify and assess the requirements for food distribution services on a two-phase basis; critical emergency needs immediately after the

disaster; and the longer term sustained needs after the emergency is over.

4. Aid in the transition to recovery operations for victims who do not require the use of mass care facilities.
5. Provide casualty and illness information to appropriate authorities.
6. Coordinate the recruitment and assignment of personnel for mass care operations.
7. Provide a centralized DWI Center and inform the general public about the DWI System and how to use it.
8. Coordinate registration of shelter residents.
9. Distribute items in bulk as needed by victims (e.g., toiletry kits, clean-up kits, salvage items).
10. Manage mass care logistical and related fiscal activities.
11. Provide mental health counseling to those impacted by disasters, including emergency workers and volunteers.

IX. Other Volunteer Agencies

Response

1. Assist with providing family assistance programs for clothing, food and other items to meet the basic needs of victims as directed by Human Services.
2. Assist with the distribution of items needed by victims (e.g., toiletry kits, clean-up kits) as directed by Human Services.

Recovery

1. Assist evacuees with relocating with friends, relatives or other people offering space.
2. Work with other agencies to coordinate and administer food distribution programs as needed.

X. Private Business and Agencies

Response

1. Utility companies shall monitor their own systems and
 - a. advise emergency management of any outages
 - b. Restore power, gas and telephone services
 - c. Inspect all equipment and its operation before re-entry

2. Local bus, transportation companies and medical facilities shall provide their vehicles and resources for the evacuation and re-entry process taking into consideration those people with special needs.

Recovery

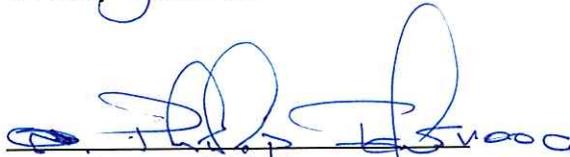

1. Assist with the clean-up efforts by providing equipment and personnel as requested.
2. Compile and maintain records of disaster related expenditures.

The undersigned have hereby reviewed and approved Annex E of the Portage County Emergency Operations Plan.

Primary Evacuation Routes Map

I. MASS CARE:

- A. The American Red Cross has specific regulations and procedures for disaster-related services. The North Central WI Chapters' (referred to as NCWC mass care plan) complies with these regulations. A copy of the NCWC Mass Care Plan (Disaster Services Program Guidance, referred to as DSPG) is on file at the Regional Administrative Office located in Stevens Point.
- B. Shelter Management: The NCWC of the American Red Cross prepares shelter managers to select, organize, open, operate, and close Red Cross shelters in times of disaster with the collaboration of the local Emergency Management office. NCWC shelter managers are responsible to the Chapter Leadership. The functions within the shelter include food service, emergency assistance, counseling, health services (i.e. first aid), and sleeping accommodations (refer to DSPG, Mass Care, and Sheltering).
- C. Mass Feeding: The NCWC has the capacity for mass feeding services (refer to DSPG, Mass Care, Feeding). Special dietary needs may be challenging. Evacuees should plan accordingly.
- D. Disaster Welfare Inquiry: The NCWC has detailed regulations and procedures for providing assistance while attempting to locate individuals during a disaster (refer to DSPG, Individual Client Services, and Welfare Information).
- E. Emergency Assistance: The NCWC of the American Red Cross is a partner for meeting the immediate emergency needs of each family or person on an individual basis following a disaster event (refer to DSPG, Individual Client Services, Client Casework).
 - 1. Long-term disaster assistance is also available through Portage County Health and Human Services Department. Information and referral services will be ongoing between public and private service agencies.

II. COMMUNITY MULTI-HAZARD SHELTER OPERATIONS:

- A. NCWC of the American Red Cross will provide staff to the best of their ability at the direction of civil authorities. The county shelter plan should include the following considerations:
 - 1. **Facilities:** Current inventory of facilities that can be used to meet multi-hazard shelter requirements including public multi-hazard shelters and post disaster temporary housing units maintained by Human Services, Emergency Management, Red Cross, and the Emergency Dispatch Center. (See Attachment 2 of this annex for a

list of shelter facilities)

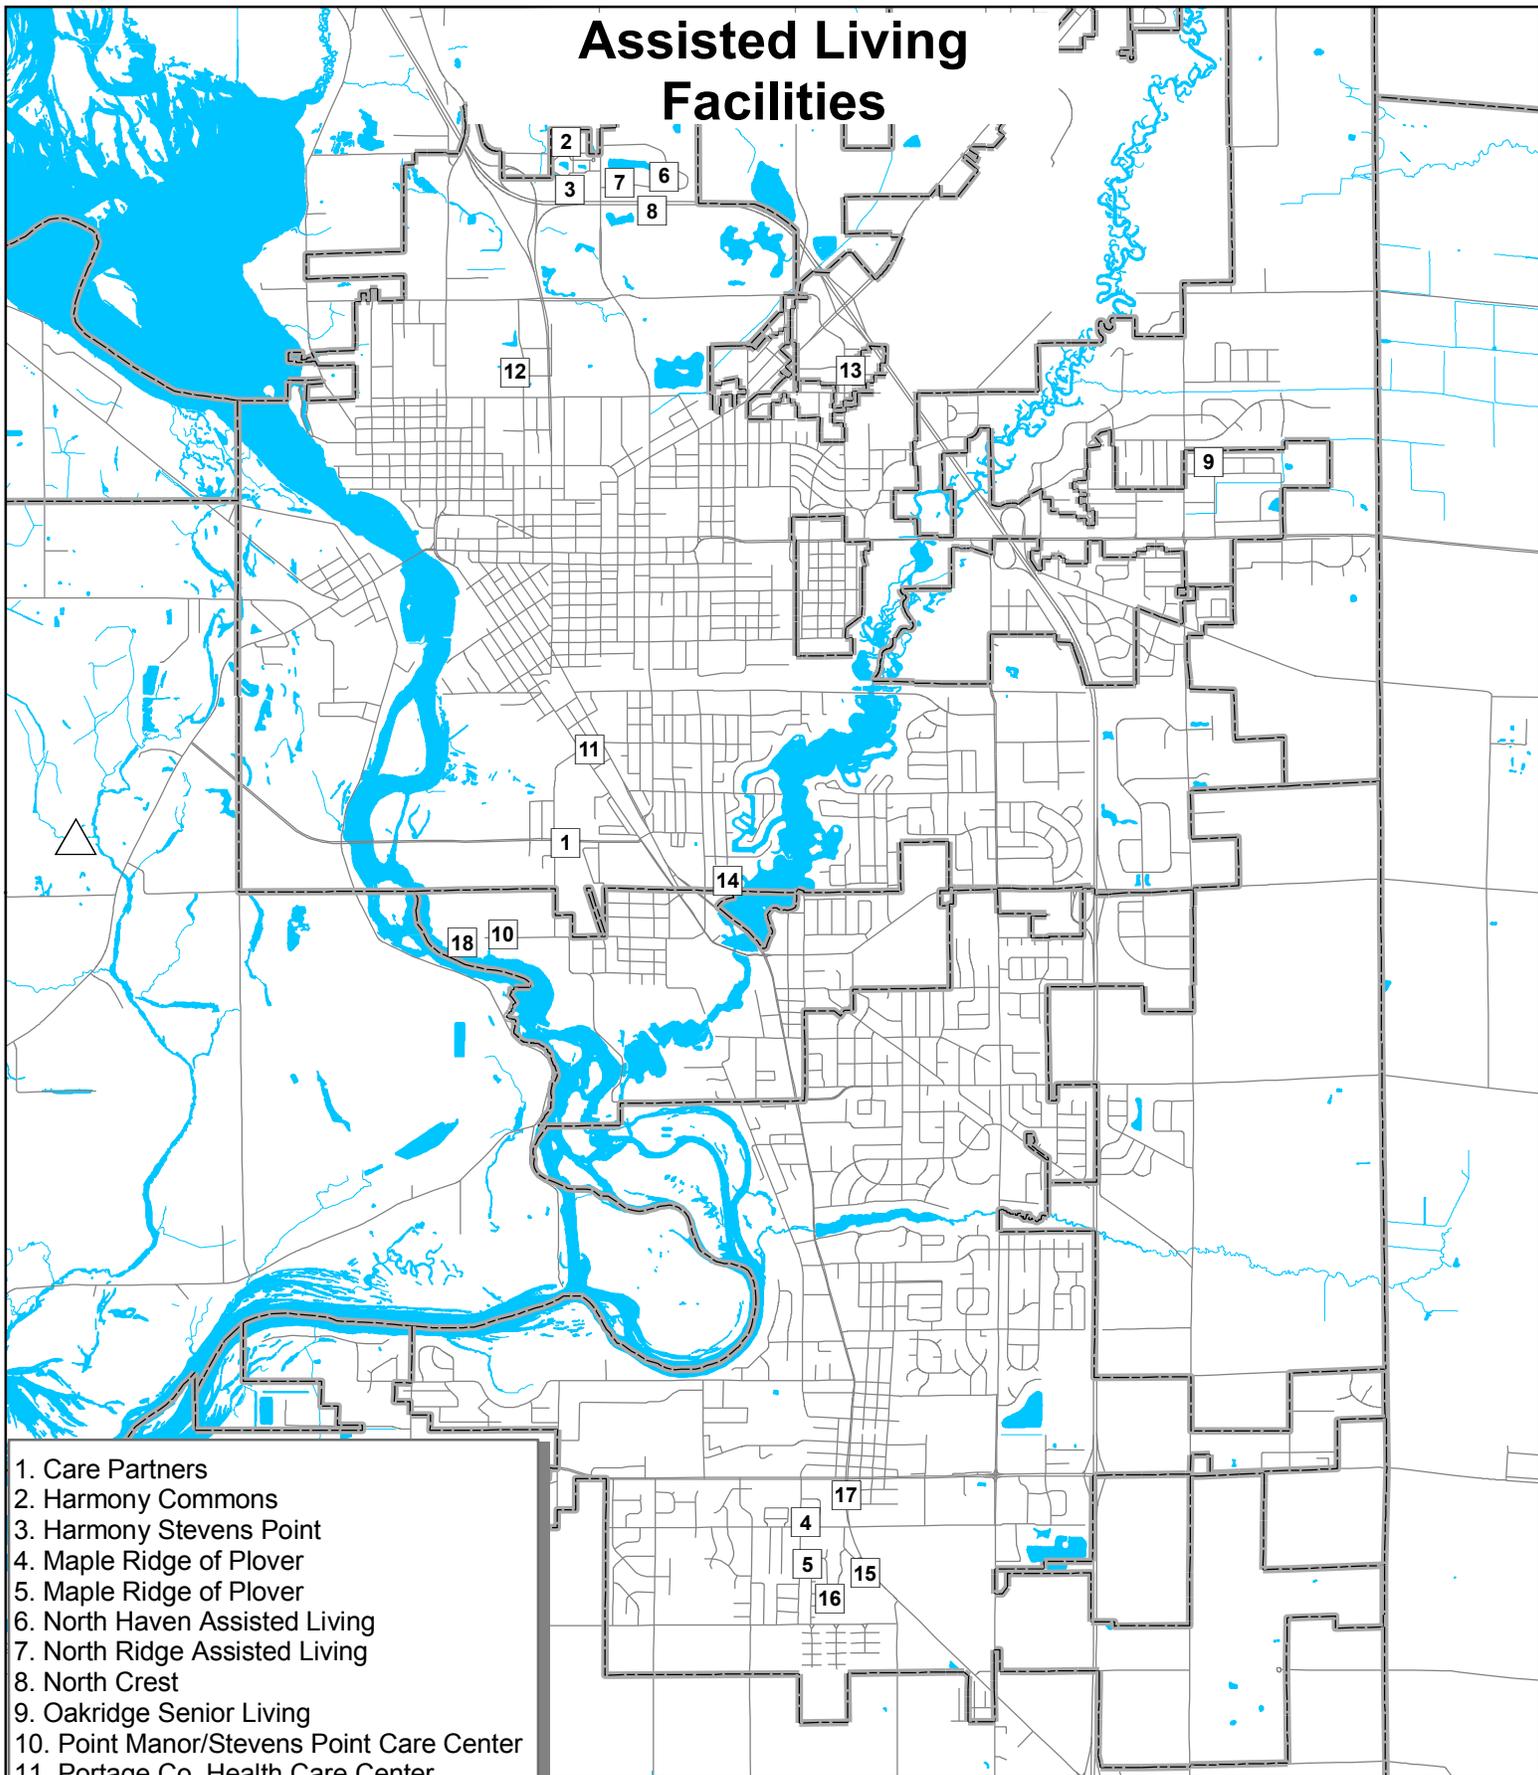

2. **Emergency Services:** The NCWC of the American Red Cross is committed to assisting local emergency services in developing procedures to support shelter plans. **Contact American Red Cross 24/7 @ 877-618-6628**
3. **Shelter Systems Officer (SSO):** The NCWC of the American Red Cross has a trained SSO who is a member of the emergency program manager's staff and responsible for assisting in the development the local shelter system and operational capabilities. **Contact American Red Cross 24/7 @ 877-618-6628**
4. **Shelter Managers:** The NCWC of the American Red Cross has trained personnel to serve as shelter managers for 24-hour operations and will provide them to the best of the chapters' capabilities **Contact American Red Cross 24/7 @ 877-618-6628**
5. **Permission for Use:** The NCWC of the American Red Cross maintains written shelter agreements with various school districts, church organizations, and military organizations within the county.
6. **Additional Shelter Managers:** There is an ongoing training program for additional shelter managers. During a crisis build-up, this training program is accelerated.
7. **Crisis Marking Plan:** The Emergency Management Office maintains lists of unmarked shelter facilities. If shelter marking is required during a crisis buildup, direction will come from the Emergency Management Director, and marking will be done by local Fire Departments.
8. **Crisis Stocking Plan:** Portage County does not plan on stocking shelters. If long term shelter is needed, persons are advised to bring the following materials: clothing, bedding, prescribed medication, toiletry articles, and infant formula.
9. **Shelter Management Guidance:** The NCWC of the American Red Cross has adopted shelter management guidance developed by the National Headquarters of the American Red Cross. The NCWC will provide the DSPG Shelter Management Handbook for reasonable dissemination in validated crisis events.

Emergency Housing Assistance
For Persons Affected by a Natural Disaster

1. **Purpose:** VA emergency housing assistance seeks to help Veterans, Service members, their families, and survivors, VA employees, and others displaced from their primary dwelling following a FEMA-declared natural disaster. This assistance offers available VA-owned properties to displaced persons as a temporary rental property for a specified amount of time.

2. **Eligibility:** In the event of a FEMA-declared natural disaster, persons affected should immediately contact FEMA and begin the disaster application process online at www.DisasterAssistance.gov, or by calling (800) 621-3362. VA will need to establish their eligibility to be considered for the program.
 - a. **Veterans/Servicemembers/Families/Survivors:** VSOs, VAMCs, VAROs, or other VA external stakeholders will refer potentially eligible Veterans to Scott Hiatt (scott.hiatt@va.gov). Mr. Hiatt will submit all referrals to Vendor Resource Management's (VRM) Property Management Coordinator, Chris Franklin (JFranklin@vrmco.com). VRM's POC will contact the Veteran, gather information, and confirm they are a certified disaster victim with POC at FEMA (Jennie Gallardy-Orenstwein - Jennie.Gallardy@fema.dhs.gov). Once a Veteran has been FEMA certified, the VRM POC will then verify their Veteran status by referring their names to Marion Rabelais at the Atlanta VA Eligibility Center.
 - b. **VA Employees:** VA station directors (VAMCs, VAROs, etc.) will submit names of eligible employees to the VA Watch Officer in the VA IOC (vaiooc@va.gov), and the IOC will then forward to the Loan Guaranty Service (LGY) POC (Scott Hiatt- Scott.Hiatt@va.gov) for action. LGY will have the VRM POC contact the employee directly.
 - c. **Other Persons:** Other persons affected will go directly to FEMA. LGY will provide FEMA with a list of properties that are currently available to disaster survivors. Once FEMA certifies them, they will send them to the VRM POC with their FEMA eligibility letter and the address of the property they are interested in.

3. **Rental Process once Eligibility Verified:**
 - a. VRM POC will contact the displaced individuals and complete a tenant questionnaire. This questionnaire determines the needs of the tenant (i.e. bedrooms, bathrooms, special needs, location, etc.)
 - b. VRM POC will identify available habitable properties that match the questionnaire criteria, and send information and links to the properties.
 - c. VRM POC will then arrange appointments with displaced employees who will view potential rental options with the local property manager.
 - d. If the individual agrees to rent a property, the local property manager and VRM POC will remove the property from the market and work

together with the individual to ensure the following items are completed:

1. VRM POC will ensure that each property has a refrigerator and a range-oven.
 2. The property manager will confirm that all utilities are placed in renter's name.
 3. The property manager and the tenant will sign a **six-month lease for \$xxx** dollars a month. The first month's rent will be pro-rated based upon the move-in date. Upon request by the occupant, VA will consider a month-to-month lease at the end of the original six-month period under the same terms. However, the occupant will need to provide evidence that they are actively pursuing alternate housing. The month to month lease will be limited to three months unless the individual indicates that there is an urgent need. **The lease shall not exceed a total of 18 months from lease origination.** Any additional lease will be at full fair market rent and only with the approval of the Director, Loan Guaranty Service.
 4. The property manager will complete a move-in inspection with photos.
 5. The property manager will verify proof of renter's insurance from the tenant.
 6. The property manager will handle all renter inquiries, such as plumbing repairs, appliance repairs, etc.
4. Escalation Process: In a situation where the VRM POC has been unable to supply an acceptable response to a question, please contact Scott Hiatt, at 202.632.8894 or email scott.hiatt@va.gov
